With Garlic, Herbs And Seaweed

Key Features

- Suitable for all types of horses in light to medium work, where concentrates are not fed.
- Useful for mares and youngstock on pastures alone.
- Provides major minerals, trace elements, vitamins and herbs.
- Convenient, long-lasting and weather resistant.
- Contains Linseed, Milk Thistle, Garlic, Seaweed.
- Bioplex® protected trace elements including Copper, Zinc and Manganese maximise availability.
- Sel-Plex® organic selenium helps to maintain antioxidant support.

Main Ingredients

Minerals, Vitamins, Equine-specific plant extracts, Seaweed, Molasses.

Feeding Guidelines

- Each block weighs 12kg.
- Maximum feeding rate: 15g/100kg bodyweight per day (e.g. 90g per day for a mature 600kg horse or 30g per day for a young 200kg horse).

Analytical Constituents

Vit. A iu/kg	Vit. D3 iu/kg	Vit. E iu/kg	Ca:P mg/kg	Cu mg/kg	Zn mg/kg	Se mg/kg
300,000	60,000	4,000	2.0	5,000	5,000	15

Instructions For Use

One block should provide adequate access for up to 10 horses. Calculate how long the blocks should last based upon the maximum recommended daily intake. Do not replace the blocks before this time period has elapsed. Always remove the handle before feeding. Blocks should be moved occasionally to prevent poaching. Do not feed to stabled horses. Do not feed to sheep. Safe for cattle grazing with horses. Do not feed with additional compound feeds.
