

Freedom Mix

Super Fibres & Oil In A Low Starch Formulation
Suitable For Horses In Medium To Hard Work

Key features

- Can be used to fully or partially directly replace conventional performance feeds.
- Quality protein sources provide essential amino acids for maintenance of muscle tone.
- Linseed and soya oils provide a nutritional balance of Omega 3 and Omega 6 fatty acids.
- Plant-derived FOS prebiotic helps promote natural, stable hindgut fermentation.
- ProviOX natural plant antioxidants support Vitamin E utilisation.
- Sel-Plex® organic selenium provides additional antioxidant support.
- High oil, low starch helps maintain a healthy digestive system.
- Highly palatable to maintain consistent intakes with increasing training intensity.
- Contains only 8% starch.
- Natural antioxidants including Vitamin E help support immunity and muscle function.
- Alfalfa chop and other natural ingredients promote chewing thereby increasing saliva flow to help support buffering of stomach acid.
- Yea-Sacc® live yeast helps support fibre digestion, nutrient absorption and optimum gut function.
- Bioplex® Copper, Zinc and Manganese guarantee maximum mineral availability.
- Contains mycotoxin binders.
