

# Prep 'N' Condition Mix

Blend Of Super Fibres And Oils For Unbeatable Topline And Condition

## Key Features

- Highly palatable coarse feed helps to achieve maximum intakes and encourage fussy eaters.
- High energy blend of oils, fibre and cereals helps to support growth with condition.
- Elevated oil level contributes to energy supply and helps to maintain a healthy coat.
- Good digestible fibre level contributes to energy supply.
- High quality cooked cereals guarantee high digestibility.
- Full fat soya supplies essential amino acids including lysine and methionine to aid growth and development and helps to sustain 'top-line'.
- Fortified fully with minerals and micronutrients for optimum bone development.
- Extra vitamins including Vitamin E help to support the immune, respiratory and muscular systems.
- Elevated Vitamin E levels help support immunity and muscle function.
- Yea-Sacc® live yeast helps support fibre digestion, nutrient uptake and the hindgut microbiota.
- ProviOX natural plant antioxidants support Vitamin E utilisation.
- Sel-Plex® organic selenium helps to maintain additional antioxidant support.
- Bioplex® trace elements including Copper, Zinc and Manganese guarantee maximum availability.
- Suitable for competition horses.
- Contains mycotoxin binders.
